Education and Professional Experience

2014 at present time: correlator for a thesis in applied biology address nutrition at University of Naples "Federico II"

2014: tutor for an internship the length of 400 hours under the Training Project "Genopom"

2013: Coordinator of the Working Group on Livestock biological theme of the Italian Network for Research in biological Agriculture (RIRAB)

2012 at the present time: served as auditor for articles in the Journal of Agricultural and Food Chemistry, Iranian Journal of Applied Animal Science and Animal Science Italian Journal

2008: tutor for a doctoral thesis in Production and Health Food of Animal Origin

2008: Scientific responsibility with the agreement reached between the CRA and CNR ISPAAM as part of the Research Project: Development of systems of forage-livestock Mediterranean determinants specific qualities in animal products (MeZoo)

2002 at the present time : Responsibility of the Laboratory of Nutrition and Food at ISPAAM, Naples

2002: specialization in the School of Homeopathic Medicine at the headquarters of LUIMO (Free International University of Homeopathic Medicine) in Naples, organized dall'AFOV (Florence Academy of Medicine

2001: Researcher (permanent position)

2001: Contract for work ERDF Measure II.1 POP Research and Technological Development at ISPAAM

1999: scholarship banned by the CNR (National Research Council) – IABBAM (Institute Adapting Cattle and Buffaloes Environment of the South) under the Operational

Programme 1994/99 "Research and technological development advanced training"
Subprogram 1 – Measure 1 Higher education, under the 'Biotechnology innovative and nutrition in ruminants. Mathematical Models for the optimization of the system production animal

1997 at the present time: Expert buffalo Species

1995: the winner of the eleventh cycle of the PhD in Animal Science of Livestock, Department of Animal Science and Food Inspection, University of Naples "Federico II"

1995: Collaboration agreement with the Department of Animal Science and Food Inspection University of University of Naples "Federico II" within the Project Murst 60% in 1990 "Energy balance and protein in buffaloes and cows."

1995: graduated in Veterinary Medicine Degree at the Faculty of Veterinary Medicine, University of Naples "Federico II", with a score of 110/110 cum laude

Keywords

Food Science and Technology, Animal production
